At the edge of
nowhere, there's
an old, mysterious
cylindrical house by
the beach.

Who knows
when it was
built, but
it has a
ghostly name
about it

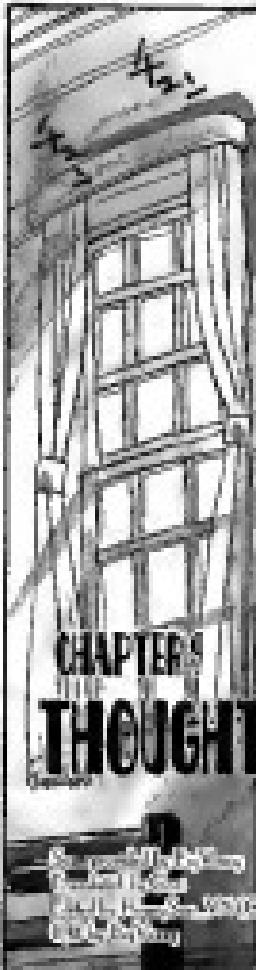

Living
there
is...

How-
ever...
well

In the
neighborhood
it's assumed
to be a
'ghost house'.

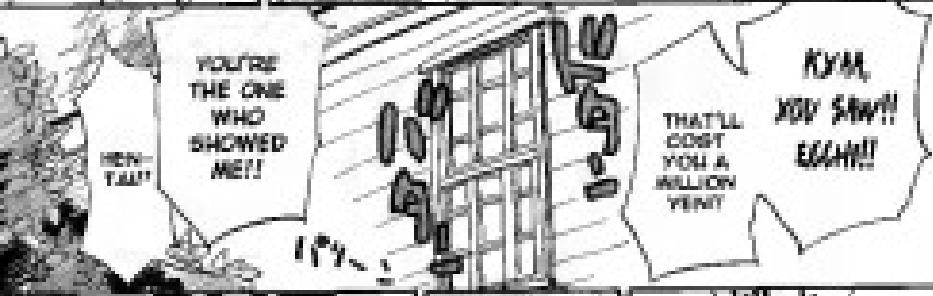

CHAPTER 9 THOUGHTS OF THOSE FAR AWAY

OH BOY

SHOCK

DAY...

My schedule is really busy...
I've made a few friends.
I was surprised by how many other
Japanese people were here,
but at the place where I learn
from such hard-workers, there's
only Japanese person, so it's a
little lonely. On plus, I don't
understand German so I can
communicate using English.
I wanted to try making
friends, but... There just
seems a lot of pressure
so that has to really
stop me from...
It's trying to do more,
but the fear...
